

08. Fair Use Specific Terms

1. Definition and Interpretation

- 1.1. This Fair Use Specific Terms sets out the acceptable level of conduct between the Service Provider and the Subscriber.
- 1.2. Access or use of the Platform is deemed as having read, understood and in agreement with being bound by these Specific Terms.
- 1.3. The use of the Platform is also subject to the Privacy Policy.
- 1.4. The General Terms shall apply and govern each and/or all of the Services in addition to any Specific Terms and Policies, and in the event, there is a conflict of inconsistency between the Terms, it shall be resolved in a manner most favourable to the Service Provider.
- 1.5. This Fair Use Specific Terms shall apply and govern all products and Services depicted on the Platform under the umbrella of the General Terms.
- 1.6. In this Fair Use Specific Terms, words and expressions shall have the same meaning as outlined in Clause 1.1 of the 'General Terms' and Conditions of Services.
- 1.7. Unless otherwise stated with reference to any other Terms, any reference made in this Fair Use Specific Terms to any Clauses shall be interpreted as to Clauses within these terms.

2. Fair Usage

- 2.1. The Service Provider is committed to ensuring Subscribers have a quality experience which may be disrupted by usage patterns of a small number of Subscribers.
- 2.2. Usage of certain peer-to-peer or file sharing applications like Bit Torrent, eDonkey and Limewire utilise huge amounts of data in the process of file transfers. Subscribers who utilise these applications contribute to network congestion and negatively impact the quality of experience of other Subscribers.
- 2.3. In the instances listed in Clause 2.2, the Service Provider cannot guarantee the level of service and/or connectivity to users who participate in the activities listed in the said clause.
- 2.4. The Service Provider reserves the right to implement and enforce the Fair Use Policy at its sole discretion to regulate data use.
- 2.5. The Subscriber must take all precautions and rightful action to ensure the activities in Clause 2.2 are controlled and minimised at all times.
- 2.6. For Contract Plans and Non-Contract Plans and/or Add-On data bundles that come with unlimited data allowance and/or \$0.00 data charges after exhaustion of data allowance, bandwidth speed will be reduced once the accumulated data use has reached the pre-determined threshold.
- 2.7. Usage is accumulated within the bill cycle of the subscription plan or within the validity of Add-On data bundles.

3. Security

- 3.1. The Subscriber must immediately advise the Service Provider if they become aware of any violation or suspected violation of these provisions.
- 3.2. The Subscriber must take all reasonable steps to ensure that others do not gain unauthorized access to his/her account and/or prevent a third party from obtaining access to the network. In this regard, each Subscriber is responsible for:
 - 3.2.1. for the set-up and security of his/her devices and any servers they may run on their devices
 - 3.2.2. ensuring that his/her User ID and/or password, at all times, remain confidential (where applicable)
- 3.3. Where applicable, the Service provider may request that the Subscriber change his/her User ID and/or password.
- 3.4. The Service Provider strongly recommends that the Subscribers protect their computers with anti-virus software.
- 3.5. The Service Provider may provide notification to subscribers via SMS upon reaching the pre-determined data usage threshold. The Service Provider not guarantee the delivery of this SMS notification and/or the SMS notification will reach subscribers in an expected period of time. Subscribers are kindly advised to check their current data usage via USSD (mobile prepaid *133# & mobile postpaid *433#) and portal (<https://mydst.dst.com.bn>).
- 3.6. The Service Provider reserves the right to change the pre-determined data usage threshold and its reduced speed without prior notice to subscribers.

4. General Use of Service

- 4.1. Subscribers must not use the Services to gain unauthorised access to any computer, systems or network. In particular:
 - 4.1.1. Subscribers must not run port-scanning software on any Services
 - 4.1.2. Subscribers must not attempt to gain unauthorised access to any computer system
 - 4.1.3. Subscribers must not undertake any activity that has an adverse effect on the Service Provider's Services or its other Subscribers.
- 4.2. The Subscriber may not resell or otherwise charge others for the use of their internet connection. This service is for recreational, residential, personal use only and may not be used for operations of an internet service provider.
- 4.3. The Subscriber may not use the Service connection to run programs or servers that provide network content or connectivity to any third party not that the location where the connection is installed. Examples of prohibited programs include, but are not limited to mail, FTP, HTTP, games, newsgroup, proxy and IRC servers.

5. Unlawful Activities

- 5.1. In using the Service(s) provided by the Service Provider, Subscriber(s) must conform to and not violate any laws, particularly the laws of Brunei, any order, regulation or industry code of practice.
- 5.2. The Subscriber(s) are not permitted to use the Service(s) to carry out unlawful activities which include but is not limited to:
 - 5.2.1. sending, receiving, publishing, posting, distributing, disseminating, encouraging the receipt of, uploading, downloading or using any material which is offensive, abusive, defamatory, indecent, obscene, unlawful, harassing or menacing or a breach of the copyright, trademark, intellectual property, confidence, privacy or any other rights of any person;
 - 5.2.2. using for commercial purposes;
 - 5.2.3. sending or uploading unsolicited emails, advertising or promotional materials, offering to sell any goods or services, or conducting or forwarding surveys, contests or chain letters;
 - 5.2.4. knowingly or negligently transmitting or uploading any electronic material (including, without limit, files that contain viruses, corrupted files, or any other similar software or programs) which is known or likely to cause, interrupt, damage, destroy or limit the functionality of any computer software, hardware or telecommunications equipment owned by the Service Provider or any other internet user or person;
 - 5.2.5. allowing activities that invade another's privacy, cause annoyance, inconvenience or needless anxiety to any person;
 - 5.2.6. allowing activities that are in breach of any other third party's rights, including downloading, installation or distribution of pirated software or other inappropriately licensed software, deletion of any author attributions, legal notices or propriety designations or labels in any file that is uploaded, falsification of the origin or source of any software or other material;
 - 5.2.7. allowing anything that may disrupt or interfere with the Service Provider's network or services or cause a host or the network to crash;
 - 5.2.8. launching "denial of service" attacks, "mail-bombing" attacks, "spamming" or "flooding" attacks against a host or network;
 - 5.2.9. making excessive use of, or placing unusual burdens on, the network, for example by sending or receiving large volumes of email or excessively large mail attachments;
 - 5.2.10. circumventing the user authentication or security process of a host or network;
 - 5.2.11. creating, transmitting, storing or publishing any virus, Trojan, corrupting programme or corrupted data.

6. Enforcement on Breach of Policy

In respect of the Customers who are in violation of this Fair Use Policy, the Service Provider may, at its option and discretion, take any responsive action including, but not limited to, having the Subscriber(s) bandwidth managed, Service(s) suspended or terminated (with or without notice as the Service Provider considers appropriate) and is not bound to give any reasons whatsoever.
